Andem Cecropiis stas Vir Præclare
Cothurnis

Prælia gesturus cinctu velut arma Ga-
bino

Palladiumque tenens scutumque athleta togatus,
Quo doctus miles non se sine laude tuetur;

Fortia

Fortia Romanum potius faciendo ferendo
Testis utrumque docet; num splendidiora nitere
Compita virtutis possunt quibus itur ad astra?
Non aliter valuit de Te vel Patria sedes
Aut ubi Patronis dignum fortuna beavit;
Non aliter possunt & adhuc sperare futura,
Præmia promeritos quam quæ præclara sequuntur.
Cogitur ipsa simul tua quin fateatur origo
Atque solum patrium fulgens illustre Sedinum;
Cujus Musa suis Te quondam fovit in antris,
Nobile & ingenium patriis virtutibus auxit,
Sic dignum famam, sic doctum quærere sortem,
Qui modo non meruit mentis præconia faustæ,
Fertile sed nunquam divumque latere sub umbra
Ingenium voluit, quo posset doctior orbis,
Resque simul sibi communis promittere fructus,
Promere quos tandem satagit maturior ætas;
Non ideo valuit dudum bene cognita Musa
Tempore tam læto Tibi quin gratantis avenæ
Persvaves sonitus reddat, cantusque canoros.

Dat

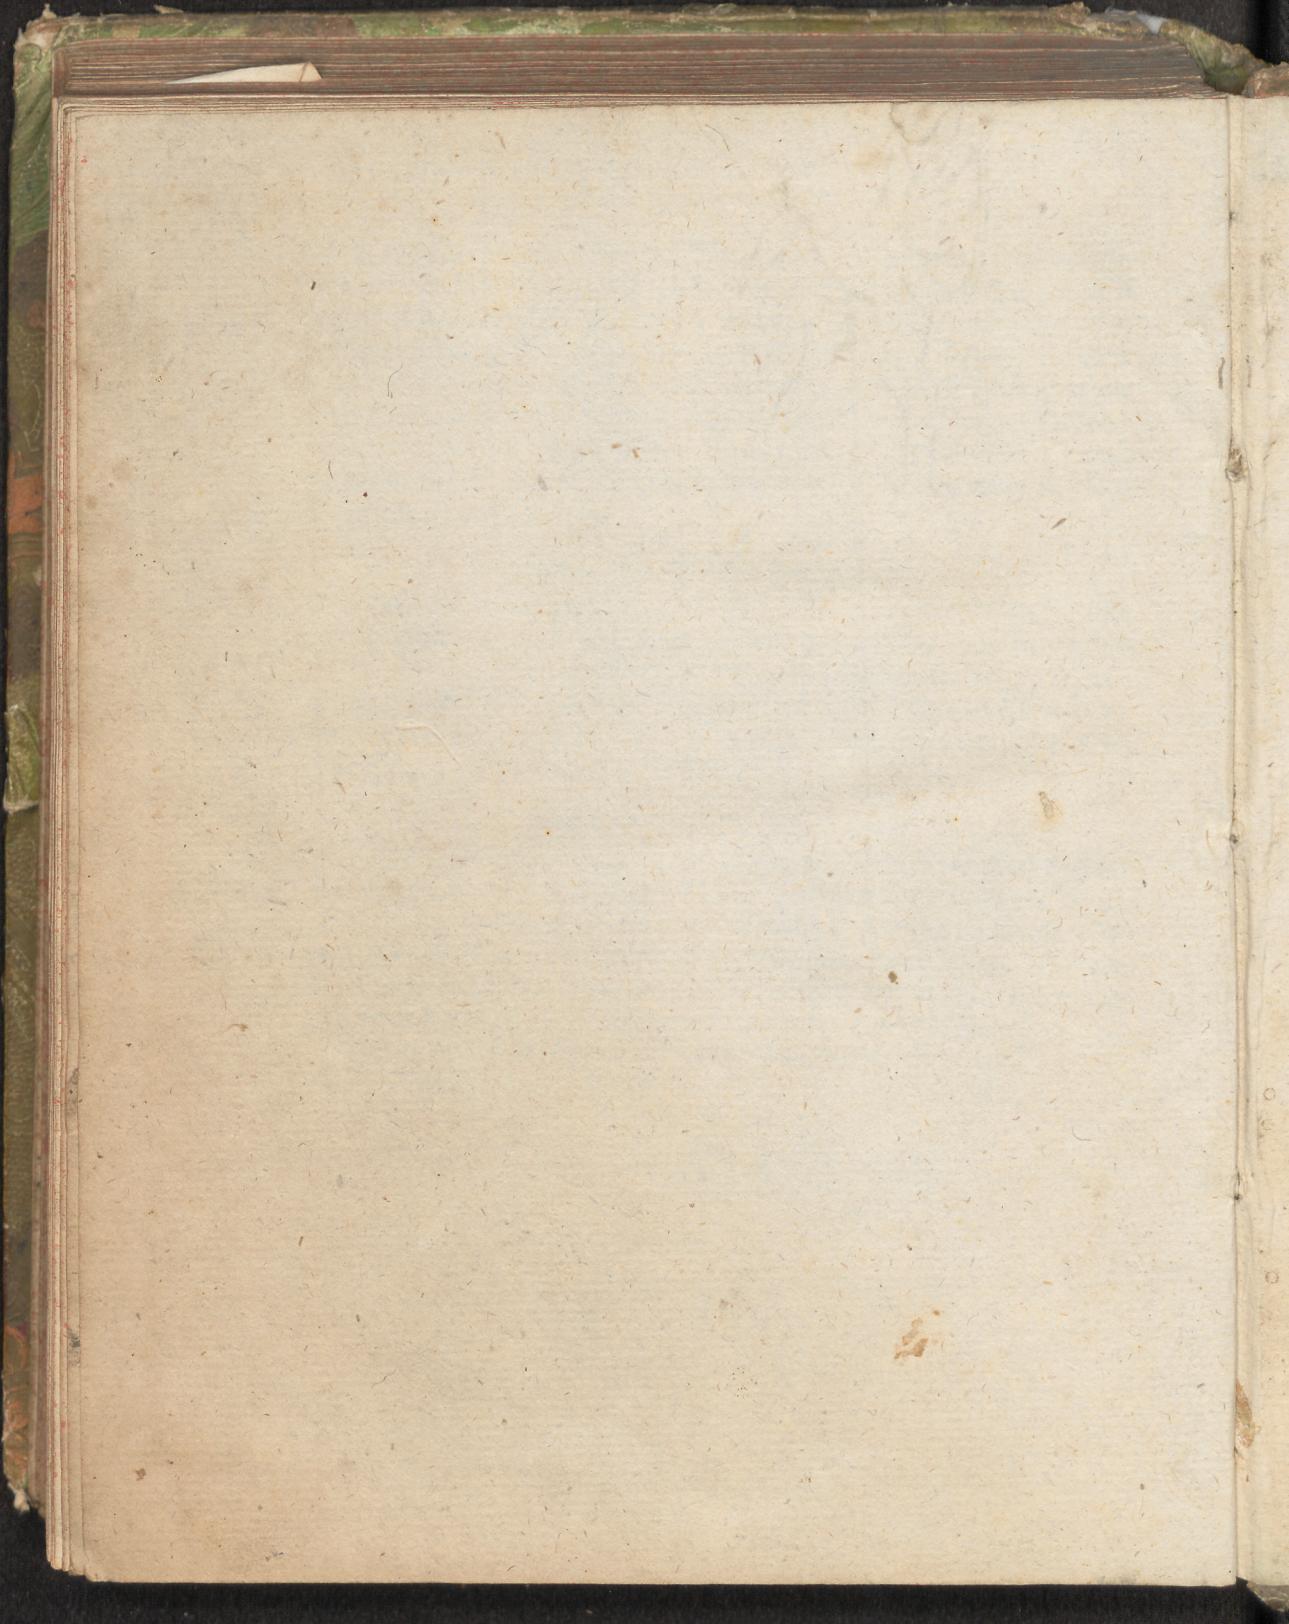

Dat Viadrina tibi dat doctas inclyta palmas,
Sparta modo sequitur, quæ tanto culmine digna;
Sic Tua perpetuo, sic surgat candida virtus,
Ausibus ac faveat ventis fortuna secundis.
Sic semper vigeant HÜBLERI fama perennis,
Munia, virtutes, & fors æterna faveto;
Carmina si caperent, cordis quod candor anhelat,
Plura canenda forent, quæ mens Tibi fida precatur.
Nunc vale dulce caput patrii lætique Penates
Expectant reditum, faustum Tibi Musa precatur!
