ILLVSTRISSIMO PRINCIPI AC DOMINO: DOMINO IOHANNI Vuilhelmo, Duci Saxoniæ, Landtgrafio Duringiæ, Marchioni Missniæ &c. Domino suo Clementissimo.

IMpurissimus ille philosophorum scurra Diogenes, qui canum more, quiduis sine discrimine suis sordibus aspergere nunquam est ueritus, ut nobilissimæ quoq; arti pro ingenij sui futilitate, maculam labemq; inureret, cuidam iactanti Musices peritiam respondisse fertur: γνώμαις γὰρ ἀνδρῶν εὖ μέμ οἰκεῖται πόλεις. εὖ δ' οἰκοῦ οὐ ψαλμοῖσι καὶ τερετίσμασιν. Neq; dissimili audacia Anteas uir insulsissimus equi hinnitum præpostero & ineptissimo iudicio, harmoniarum atq; concentuum dulcedini præferre non erubuit. Ego uero si hunc meum laborem tuæ Celsitudini Illustrissime princeps nuncupans ac dicans hoc saltem profecero: ut eluantur abstergantur q; fœtidæ illæ horum atq; similium Cynicorum sordes, ne illic hæreant quò tam indigne fuerunt congestæ, mihi non parum uidebor consecutus. Atqui duplici nomine Musicæ artis præclarissimæ osores huiusmodi impingere uidentur, & quod uoluptatem turpem & exitiosam ab honesta & utili oblectatione & recreatione non segregant neq; agnoscunt uim atq; efficatiam planè diuinam in mouendis percellendisq; tam corporibus quam animis. Vsu enim atq; experientia nunquam non certa ac firma constat, & communi iudicio pene omnium iure quodam gentium comprobatum est:

ineſſe huic arti incredibilem quandam & prorſus diuinam atq; occultam Vim, qua corpora atq; animos mirabiliter flectit atq; percellit, & quaſi nouos quoſdam & conuenientes motus excitat, omniſq; generis uitia corporis atq; animi emendat & corrigit. Nam Terpander atq; Arion Methumneus lesbios atq; Iones grauiſſimis morbis cantus eripuiſſe præſidio dicuntur. Ptolomeus ſecundus μουσικώτατος cum grauiter ægrotaret, huius ſolius beneficio euaſiſſe dicitur. Sed et Hiſmenias Thebanus Boœtiorum pluribus quos ſchiatici doloris torment a uexabant, modis fertur cunctos abſterſiſſe cruciatus. Et noui ipſe quendam non poſtremi nominis ex nobiliſſima Thuringiorum familia, qui cum adoleſcens in Italia bonis literis operam daret, ſæuiſſimoq; & grauiſſimo morbo periclitaretur, ita ut uitæ ſpes eſſet per exigua, Muſicæ tandem artis ſuauitate liberatus eſt. Sic ſomnum induci harmoniarum dulcedine adeo olim pythagoricis innotuit, ut cum diuturnas in ſomno reſoluerent curas, quibuſdam cantilenis ad conciliandum & inducendum ſoporem uterentur. Atq; ab antiquis tibiæ cantus luctibus adhibeantur, conducebanturq; auletæ, qui cantu lugubri reliquos ad ploratum & eiulatum incenderent, quod uim atq; efficatiam artis huius in extorquendis lachrymis ciendisq; affectibus notiſſimã habebãt, Vnde Statius Poeta, Cornu graue mugit adunco: Tibia cui teneros ſuetum producere manes. Nec non manifeſtiſſimum eſt pugnantium animos tubarum carmine accendi, & ad audaciam & iracundiam incitari, rurſumq; furorem atq; ferociam placari atq; mitigari. Vnde antiquiſſimus uſus eſt bellicorũ inſtrumentorum. Ethruſci utebantur tuba, fiſtula Arcades, ſiculi inſtrumentis quæ appellabant πλαγιάδας, Cretenſes Lyra, Lacedemonij tibia, cornu Thraces, Tympano Ægyptij & Arabes Cymbalo. Apud Lacedemonios erant numeri ad quos temperarent

rent incessum concitandis animis ad fortitudinem, audaciam, mortisq; contemptum accommodi, quibus utebantur tum in choris, tum ad tibiam tendentes in hostem. Siquidem Lycurgus rei bellicæ studium cum Musicæ studio copulauit, quo numirum nimius bellandi ardor modulatione temperatus consonantiam aptumq; concentum haberet. Sic Alexander Macedo à Timotheo Musico chordarum sono impulsus fertur & ad capienda arma eademq; deponenda. Climas uir moribus honestissimus si quando ad iracundiam se prouocari sentiebat, confestim arrepta Cythara suborientes mentis impetus et petulantiæ irruptiones principijs obstando fregit ac repressit. Et Achilles in Iliade accinit Cytharæ ueterumq; res gestas cantando sibi ipsi in memoriam accersit ab ira et furore ad lenitatem animum reuocaturus, & conceptam aut subortam mentis indignationem sedaturus ac sopiturus. Quin etiam Romanæ eloquentiæ fons Tullius refert: tibicinam monitu Pythagoræ spondeum succinentem tarditate & grauitate modorum adolescentis cuiusdam furentem petulantiam sub Phrygij modi sono incitatam nullo negotio consedasse & ad statum mentis pacatissimæ reuocasse. Sed & Empedocles eum eius hospitem quidam stricto ense furibundus inuaderet inflexisse dicitur modum canendi, atq; ita adolescentis iracundiam temperasse. Facessat igitur inconsiderata horum temeritas, qui non nisi inanem ac temporariam delectatiunculam aurium ineptamq; uoluptatem in hac arte nobilissima spectant. Hunc uero laborem meum & quicquid est impensum operæ tibi princeps Illustrissime consecrare totum uolui, non quod non agnoscerem oblati muneris tenuitatem, neq; rursum animaduerterem quæ Tuæ Celsitudini reuerentia debeatur, sed quod Celsitudinis tuæ nulli non suspicienda humanitas, incredibileq; neq; unquam satis laudandum studium in propagandis promouendisq; bonarum

artium studijs, ita quidem apud omnes obtinuit, ut quemuis metum atq; pudorem facile abijcerem. Munus enim ut cunq; tenue sit adfero quod tamen humanitas & pietas tua repudiare tibi nunquam permittet. Quod super est Celsitudinem tuam submisse oro: ut exiguum munus æqui boniq; consulat, aduersus sycophanticos morsus defendat, meq; sibi cõmendatũ habeat. Quod si sensero meã hanc operam eidem non omnino displicituram esse propediem & alia summo labore & studio collecta euulgabo. Vale princeps Illustrissime, Dominus Iesus te sibi & Ecclesiæ suæ diu seruet incolumem, spirituq; suo regat. Datæ Egræ Variscorum, Anno χεισογονίας M. D. LXVIII.

C. V.

Addictissimus

Clemens Stephani Buchauiensis
& Egranorum incola.

M. Iohannes Goldammerus Iunior, Egranus.

CANDIDO LECTORI, S.

VT, quando Cythara gaudet Latoniaproles,
Argutum miſcent conſona fila melos,
Vlla nec eſt chordis diſſenſio, nulla canoram
Vox aures lædens diſtrahit harmoniam.
It ſuauis ſonus, & tacitum mulcedine blanda
Oblectat pectus lætaq; corda Iouis:
Haud ſecus integra primœui in mente parentis
Perfecta æterni fulſit imago Dei
Viribus illœſis animus ſibi conſtitit omnis,
Nullus & in toto corpore næuus erat.
Parebat dominæ menti ſubiecta uoluntas
Obſequio huic ſuberant mitia corda ſuo:
Concentu unanimi celebrabant cuncta tonantem,
Nec fuit harmonia hac gratior ulla Deo.
Sed ruptum Stygius lutulenta in ſtercora ſerpens
Hoc tam concinnum præcipitauit opus.
Mens iam merſa luto cœca caligine torpet,
Excutiunt mentis corda ſuperba iugum

Impiũ

Impius inuasit furor: unà & rapta uoluntas
Offendit turpi crimine sæpe Deum.
Sed tu Christe grauem solus miserate laborem
Sedibus hùc flatum mittis ab æthereis.
Lumen is accendit menti, atq; ferocia corda
Mulcet, ut imperio sponte subesse uelint.
Dissidijsq; suo sublatis numine, nostri
Concussam instaurat corporis harmoniã.
Cuius dulcisona & concentu uiuida pleno
Nos monet æterno Musica grata Deo.
Quid, monet: imo truces expellit & ipsa furores
Fingitq; ad normam pectora nostra suam
Irarum rabiem cohibet: uesania cedit:
Ac scelerum præceps impetus oĩs abit.
Harmoniæq; studet ueteris reparare uigorem,
Antiquus quo nos exuit ille Draco.
ERGO boni studium CLEMENTIS consule Lector
Cui nomen gemmis picta corona dedit.
Carmina quòd profert numeris redimita sonoris
Multorum peperit quæ labor artificum.
Fulgentem meruit redolenti flore coronam.
Nil est quod nequeat carpere liuor edax.

Titulus

TITVLVS IOHANNIS FRIDERICI ELECTORIS, DVcis Saxoniæ, sub cruce militantis, ab Ecclesia sibi inditus, 1548.

IOhannes Fridericus Dei gratia, Electus martyr Iesu Christi, Dux afflictorum, Princeps confessorum fidei, Comes ueritatis, Signifer sanctæ crucis, Exemplum pacientiæ & constantiæ, Hæres uitæ æternæ, obdormiscens in Christo, migrauit ex hac miserrima uita in cælestem patriam Vinariæ, in Mense Aprili,

Anno M. D. LIII.
